2000-2001 School Accountability Report Card

Fall 2000

School Description

Dr. William L. Cobb Elementary School is located between the Western Addition and Lower Pacific Heights areas of San Francisco. The building was built in 1923 and remodeled in 1974. The school is named to honor a former principal of the school, who was the first African-American principal in the SFUSD. Cobb School has culturally diverse student and staff populations; many languages are spoken, including English, Spanish, Filipino, Vietnamese, and Chinese. There are 11 ELD, and one SPED class. The school has a small computer lab that is used to reinforce the core curriculum; computers are located in all classrooms and are all hooked up to the Internet. Student activities include: San Francisco Ballet School, Students of the Week, Examiner Spelling Bee, Food Bank, President's Physical Fitness, AIMS Program, Red Ribbon Week, Honor Roll, Annual Carnival, visits to Convalescent Hospitals, Book Fairs, and activities to celebrate important events. Funding for the school is less than during the last school year. There are high expectations for all students at the school. The staff, parents/guardians and students work as a team to assure that all students are responsible, successful, have high self-esteem. A Family Resource Center provides support to families and students, with direct services, activities, and referrals to other agencies. The school is working collaboratively with many agencies to provide many services for all students.

School Priorities

For each district goal (listed below), there are measurable objectives. Every school has developed a school site plan to achieve each objective and has identified its individual school priorities:

A To improve teaching and learning for ALL students in Language Arts emphasizing decoding, comprehension and writing

B To improve teaching and learning for ALL students in Mathematics, targeting the strands of number sense (computation) and mathematical reasoning (problem-solving)

C To increase Parent Involvement and Participation in schoolwide and classroom activities

District Mission and Goals

The mission of the San Francisco Unified School District is to provide each student with an equal opportunity to succeed by promoting intellectual growth, creativity, self discipline, cultural and linguistic sensitivity, democratic responsibility, economic competence and physical and mental health so that each student can achieve to his or her maximum ability.

To achieve this mission, the Board of Education has adopted the following goals: 1) To improve teaching and learning to enhance the academic achievement of all students; 2) To improve staff, parent and community participation in the educational process; 3) To maintain school environments that are safe, secure and attractive; 4) To build a school environment that is fully integrated in all its programs and activities and provides equal opportunity for all students; 5) To improve and expand the Early Childhood Education Program and integrate it into the K-12 Program; and 6) To increase and expand inter-agency collaboration to better serve our students.

Philosophical Tenets

In order to achieve these objectives, the Board has adopted the following set of philosophical tenets:

- * All individuals should learn to live and work in a world that is characterized by interdependence and cultural diversity.
- * All individuals want to learn and to be recognized for their achievements.
- * Learning is an interactive process that occurs when students understand and are able to communicate new concepts through carefully crafted and guided challenging experiences defined by clear learning goals and rigorous performance standards.
- * All individuals are entitled to be treated with respect and dignity.
- * All individuals can learn.
- * All individuals learn in many different ways and at varying rates.
- * Each individual learns best in a particular way.
- * All individuals are both potential learners and potential teachers.
- * Learning has both cognitive and affective dimensions.
- * Teachers, administrators and staff are partners with students in the learning process. If students fail, all partners should accept full responsibility for this failure and take action to ensure success.
- * Parents want their children to attain their fullest potential as learners and to succeed academically.

Counseling and Student Support Services

District general funds are not available for counseling services at the elementary school level. However, some schools have added support staff funded through special programs, projects, or grant awards. The Student Advisor provides counseling, conflict resolution, tutoring, and self-esteem activities. Staff members participate in conflict resolution with students. SST identifies and coordinates resources to improve student learning and behavior. There are three SPED programs on site: speech therapy, RSP, and an SDC for students with learning disabilities. Drug awareness activities are provided to all students. Referrals to community services are made for students and families. CMH, PIP, and The Family Resource Center are located on site and provide direct services to students and families.

Student Attendance and Dropout Rate

Dropout rate 1997-98 = .3% 1998-99 = 0% 1999-00 = 0%

The District's K-5 average attendance for 1999-2000 was 95.1% and the dropout rate was 1.3%. At Cobb ES, attendance for the year was 93.9%, excused absences were 5.1%, unexcused absences were 1%, and the dropout rate was 0%. An important District objective is to further reduce dropout rates. Dropouts are defined as students who are absent without reason for 45 days or more. In order for students to feel and be successful, we provide relevant and interesting curriculum to include attendance awards. Absences are checked daily; parents are asked to call the school when students are absent. Tardies are checked daily and students are responsible for the classroom time that is missed. The Parents are notified of excessive tardies and absences; conferences are held. Continued excesses are referred to SARB. The Student Advisor works diligently with all families to ensure positive attendance in school.

The school recognizes the need to have the ethnic diversity of the staff reflect the ethnic and language needs of the students and families.

Teacher Evaluation

Administrators, probationary and long term substitute teachers, and all classified personnel are evaluated by their supervisors every year. Tenured teachers are evaluated every two years. The evaluation processes are determined through contractual agreements with the United Administrators of San Francisco, the United Educators of San Francisco, and the Civil Service Commission of the City and County of San Francisco.

Student Behavior

School Suspension rates: 1997-98 1998-99 1999-2000
 1.5% 3.1% 3.6%

In order to provide a healthy climate, we have regulations consistent with the Student Behavior Handbook. Last year at Cobb ES, 9 students were suspended for violations of those regulations. The following program(s) have been included in the School Site Plan to achieve the District's objective to reduce the number of suspensions: The School Discipline Policy includes the following: Student Compacts, Students of the Week, parent contacts, self-esteem activities, student awards, support groups, referrals to SST / agencies, conflict resolution, behavior programs, on site mental health.

(SFUSD Expulsion Rate: 97-98 .09% 98-99 .11% 99-00 .09%)

Teacher Assignment

Out of 3,279 teachers in the District, 162 are teaching with emergency credentials and 55 with program waivers.

At Cobb School, all teachers are fully credentialed. Many staff members have advanced training, degrees and credentials and others are seeking the same: English Language Development Specialists, reading specialist, special education credentials, training in the use of Slingerland, training in Reading Recovery.

* All schools offer and often exceed the minimum required number of instructional minutes per year. All instructional minutes meet or exceed the state minimum requirement for instructional minutes.
 ** Grade K-3 class size goal of 20 determined by the District's participation in the State's Primary Grade Class-size Reduction Program.

Teacher/Staff Professional Development and Curriculum Improvement

Number of Staff Development Days: 1998-99 = 8 1999-2000 = 3 2000-2001 = 3

Professional development is a part of every school site plan and a major component of instructional support departments. The district's professional development program provides opportunities for teachers to implement the district's core curriculum for all students, update subject area expertise, use data to plan instructional improvement strategies, and acquire new instructional strategies. Leadership development across content areas is facilitated centrally, and for educators and parents each school has three days for site-determined professional development.

Teachers received training in BITSA, Science, Math, New Teacher Program, AIMS, Health Education, Universal Precautions/First Aid, Early Literacy, Scholastic Language Arts program, cultural diversity, garden science, and technology. The school-wide emphasis this year is Literacy and Mathematics. Trainings are provided at staff meetings, after school, weekends, and conferences. The paraprofessionals receive training at meetings and staff development activities. Professional resources are purchased for all classrooms. The Principal is participating in The Leadership Connection. Two teachers are site science leaders; three are Scholastic teacher presenters. There are two mentor teachers on-site.

Quality of School Instruction and Leadership

A wide variety of instructional techniques and materials are used to move students towards and beyond district goals: math manipulatives, hands-on science, integrated language arts and history/social science curricula, on-site garden, computer education, library skills, instrumental music and chorus, multi-cultural lessons and activities. Leadership is shared to assure school-wide continuity: development of site plans, Portfolio, activities, ordering materials/equipment, locating resources. Families, America Reads, volunteers, and university students help assure student successes. Parents and staff participate in site committees.

Substitute Teachers

During the 1999-2000 school year, the Cobb ES teacher attendance rate was 91%. Dr. Cobb School has many highly qualified substitutes on its list of preferred substitutes. If a day-to-day substitute is not available, the students are divided among the classrooms and the teachers who provide the extra coverage receive a portion of the substitute pay.

Textbooks and Instructional Materials

The review, selection, and purchase of textbooks and instructional materials are carried out in conjunction with the California eight-year curriculum improvement cycle and District priorities. In 1997-98, there were district-wide adoptions of K-8 English Language Arts, K-5 Spanish Language Arts, 9-12 Spanish, economics, biology, biotechnology and physics instructional materials and in 1999-2000 there was an adoption for K-8 History/Social Science. Content and performance standards for English Language Arts, mathematics, and science are being implemented.

At Dr. Cobb School, the staff uses materials to remediate and supplement instruction: library and resource books, computer equipment and educational programs, language development materials for all students, math manipulatives, self-esteem materials, science, arts material, field trips, audio-visual equipment, awards and student motivators, and performing arts groups. The Parent-Teacher Club provides funds for supplemental materials, audio-visual equipment, special projects and activities. Our site garden has received funding from several sources; the garden is included in our school-wide curriculum.

School Facilities and Safety

Current Conditions

Recent improvements: students' bathrooms, interior paint, increased storage, upgraded power and lighting, new Internet access, security bars, garden, new roof, office area, elevator, oven in cafeteria. A neighbor maintains a garden outside the school.

Planned Improvements

ADA accessibility.

Needed Improvements

Needs: remodel adult bathrooms; replace windows and sashes on east side of school; replacement of floor coverings throughout; improve lighting in the yard and exterior stairs; safety grates over all radiators; replace shades and exit doors; upgrade electrical switches in the classrooms and hallways. Resurface lower yard adjacent the Pine Street exit. Upgrade the school's heating system.

Parent/Community Involvement

Family members, retired persons, university and school students, and persons from businesses serve in many ways: Library, field trips, office work, classroom assistance, fundraising, help with homework, translations, advisory committees, and site beautification. Parents/guardians are notified of school and community activities in monthly Newsletters; these are translated into Cantonese. A Family Board provides additional information. The Family Resource Center provides support and information. A site Parent/Teacher Club meets monthly to plan and implement activities. Volunteers are acknowledged each Spring.
