More information about SARC requirements is available at the California Department of Education (CDE) Web site at <http://www.cde.ca.gov/ta/ac/sa/>. For additional information about the school, parents and community members should contact the school principal or the district office. DataQuest, an online data tool at <http://data1.cde.ca.gov/dataquest/>, contains additional information about this school and comparisons of the school to the district, the county, and the state.

## Section I - About This School

### School Description and Mission Statement

This section provides information about the school's goals and programs.

"We like it here because this school is small and you know the names of all the students." "We like it here because the adults don't let politics get in the way of teaching and learning." These are just a few of the testimonials that our parents have told us about our school.

Being efficient and productive are the two characteristics that we treasure the most here. We fully realize and accept without angst the importance of state mandated assessments.

Monthly programs such as the Washington Mutuals Savings Program, the School Spirits Store...weekly programs such as the School Pride Tickets, the Lily Cai Chinese Cultural Dance Program -- These are just some of the programs that our students and families treasure and love.

Intrigued? Come check out this best kept secret in town!

### Opportunities for Parental Involvement

This section provides information about opportunities for parents to become involved with school activities.

We have an active and comprehensive parent involvement program. Moreover, parents can get involved in their own unique ways according to their work/life schedules. From volunteering in our classrooms and becoming Room Parents to volunteering from home, we appreciate parental involvement at all levels.

The Parents Teachers Club meets once a month along with our School Site Council and English Language Advisory Committee groups.

We communicate with our parents regularly through monthly School Newsletters, Classroom Newsletters every other week, Student Progress Updates every other week, Report Cards, home visits, in-person conferences, phone conferences, as well as during Parents Teachers Conferences during the Fall and Spring.

## Section II - School Climate

### **School Safety Plan**

This section provides information about the school's comprehensive safety plan.

The key elements of our School Safety Plan help us promote positive behavior and high academic expectations for our students. Child abuse reporting and disaster/emergency procedures are posted and enforced. We want to ensure that our school is a safe and secure learning environment for our students.

We implement a Student of the Week program and a School Pride Ticket program to help us promote a positive learning environment. Our School Psychologist, Resource Specialist, Speech Technician, and Learning Support Consultant conduct ongoing Student Success Team meetings to discuss strategies and interventions for at-risk students. In the 4th and 5th Grades, we have put together a Multigraded Project Based Accelerated Learning Class to serve the needs of our GATE & high-potential students.

### **School Discipline Practices**

This section provides information about the school's efforts to create and maintain a positive learning environment, including the school's use of disciplinary strategies.

The Student and Parent/Guardian Handbook for the San Francisco Unified School District 2006-2007 is the book followed to enforce district wide rules which will allow all of our students to be safe and free of distractions in their schools. One of the Pupil Services highest priorities this year is to enforce truancy laws. We encourage all students to practice respect for themselves and others to avoid any disciplinary issues.

### **Suspensions and Expulsions**

This table displays the rate of suspensions and expulsions (the total number of incidents divided by the total enrollment) at the school and district levels for the most recent three-year period.

## **Substitute Teacher Availability**

This section provides information about the availability of qualified substitute teachers and the impact of any difficulties in this area on the school's instructional program.

SFUSD realizes the importance of having a high quality teacher in the classroom everyday. To accomplish this goal while accommodating teacher absences and professional development days, we provide permanent substitutes to STAR schools and recently implemented a new substitute system to better facilitate the placement of substitutes at all schools. The new substitute system features web and phone access - saving users' time and providing better reporting capabilities to administrators.

## **Teacher Evaluation Process**

This section provides information about the procedures and the criteria used for teacher evaluations.

SFUSD's teacher evaluation system is primarily based on the California Standards for the Teaching Profession (CSTP), which includes a pre-observation protocol to review the Content and Performance Standards, a teacher post-observation self-reflection opportunity and a post-observation protocol.

Administrators are trained in CSTP evidence based observations, as well as in reflective questions and coaching strategies. All of this is an effort to make teacher evaluation a professional growth-oriented process in SFUSD. For teachers who are not performing at a satisfactory level, the district has a Peer Assistance and Review (PAR) program.

## **Section V - Support Staff**

### **Academic Counselors and Other Support Staff**

This table displays, in units of full-time equivalents (FTE), the number of academic counselors and other support staff who are assigned to the school and the average number of students per academic counselor. ## Section VI - Curriculum and Instructional Materials

### **Quality, Currency, and Availability of Textbooks and Instructional Materials**

#### **For High Schools (grades 9-12)**

The San Francisco Unified School District adopts instructional materials following the cycle of state frameworks and standards, and provides sufficient textbooks for all students to use in class and to take home in the core curriculum areas of reading/language arts, mathematics, science, and history/social studies. The following new instructional materials were adopted by the SFUSD Board of Education for the 2006-2007 school year, and were provided for all high school students enrolled in: 10<sup>th</sup> grade world history, physics, and some AP science classes. In addition, other Board-adopted core curriculum materials were provided to remedy all insufficiencies identified through a survey and other activities preceding the annual Instructional Materials Hearing at the October 10, 2006 meeting of the Board of Education. Insufficiencies exist for some high schools in the areas of health and world languages, but class sets are available. All adopted high school instructional materials have been evaluated and determined locally to meet state standards for grades 9-12. Appropriate science laboratory equipment is available for all laboratory science courses.

#### **For Elementary and Middle Schools (grades K-8)**

The San Francisco Unified School District adopts instructional materials following the cycle of state frameworks and standards, and adopts K-8 materials from the list of standards-aligned materials that have been adopted by the State Board of Education. The district provides sufficient textbooks for all students to use in class and to take home in the core curriculum areas of reading/language arts, mathematics, science, and history/social studies. For 2006-2007, new history/social studies instructional materials were provided for all students in grades K-8, and replacements were provided for core curriculum areas as identified through a survey and other activities preceding the annual Instructional Materials Hearing at the October 10, 2006 meeting of the Board of Education.

## Section IX - Accountability

### Academic Performance Index

The Academic Performance Index (API) is an annual measure of the academic performance and progress of schools in California. API scores range from 200 to 1,000, with a statewide target of 800. Detailed information about the API can be found at the CDE Web site at <http://www.cde.ca.gov/ta/ac/ap/>.

### API Ranks - Three-Year Comparison

This table displays the school's statewide and similar schools API ranks. The statewide API rank ranges from 1 to 10. A statewide rank of 1 means that the school has an API score in the lowest 10 percent of all schools in the state, while a statewide rank of 10 means that the school has an API score in the highest 10 percent of all schools in the state. The similar schools API rank reflects how a school compares to 100 statistically matched "similar schools". A similar school rank of 1 means that the school's academic performance is comparable to the lowest performing 10 schools of the 100 similar schools, while a similar schools rank of 10 means that the school's academic performance is better than at least 90 of the 100 similar schools.

API Rank	2003-04	2004-05	2005-06
Statewide	9	9	9
Similar Schools	10	10	9

### API Changes by Student Group - Three-Year Comparison

This table displays by student group the actual API changes in points added or lost for the past three years, and the most recent API score. Note: 'N/A' means that the student group is not numerically significant.

### State Award and Intervention Programs

This section contains information about the school's participation in various state intervention and award programs only to the extent these programs were funded for the period addressed by this report.

Although state intervention and awards programs are currently in the California Education Code, the programs were not funded for the period addressed by this report. Therefore, there are currently no data available to report.

## **Adequate Yearly Progress**

The federal NCLB Act requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:

- 1) Participation rate on the state's standards-based assessments in English-language arts (ELA) and mathematics
- 2) Percent proficient on the state's standards-based assessments in ELA and mathematics
- 3) API as an additional indicator
- 4) Graduation rate (for secondary schools)

Detailed information about AYP, including participation rates and percent proficient results by student group, can be found at the CDE Web site at <http://www.cde.ca.gov/ta/ac/ay/>.

## **AYP Overall and by Criteria**

This table displays an indication of whether the school and the district made AYP overall and whether the school and the district met each of the AYP criteria.

<b>AYP Criteria</b>	<b>School</b>	<b>District</b>
<b>Overall</b>	Yes	No

<b>Percent Proficient - English-Language Arts</b>	Yes	No
<b>Percent Proficient - Mathematics</b>	Yes	No
<b>API</b>	Yes	Yes

## **Federal Intervention Program**

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (English-language arts or mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. Detailed information about PI identification can be found at the CDE Web site at <http://www.cde.ca.gov/ta/ac/ay/>.

## **Section X - School Completion and Postsecondary Preparation**

Not Applicable.

## Section XI - Instructional Planning and Scheduling

### School Instruction and Leadership

This section provides information about the structure of the school's instructional program and the experience of the school's leadership team.

Because our school is small, we are able to give our students personalized instruction as much as logistically possible. Instruction, whether in small groups or whole-class, is always geared toward the students' unique needs. Our school encourages hands-on activities and the efficient use of manipulatives to foster deeper understanding. We further encourage our students to appreciate all cultural heritages. Science, social studies, art, music, and health are all interwoven into our core multidisciplinary curriculum. Our classroom and Computer Lab computers provide Internet access for research and communication purposes.

On top of mastering basic skills, we try our best to provide our students a plethora of opportunities to bolster higher level learning and critical thinking.

### Professional Development

This section provides information about the program for training the school's teachers and other professional staff.

Professional development is a part of every site plan and a major component of instructional support to departments. The district's professional development program provides opportunities for teachers to implement the district's core curriculum for all students, update subject area expertise, use data to plan instructional improvement strategies and acquire new instructional strategies. Leadership development across content areas is facilitated centrally, and for educators and parents each school has three full days fo professional development during the academic year.

### Instructional Minutes

This table displays a comparison of the number of instructional minutes offered at the school to the state requirement for each grade. Total instruction days in SFUSD is 180 days.

Grade Level	Instructional Minutes

## **Minimum Days in School Year**

The section provides information about the total number of days in the most recent school year that students attended school on a shortened day schedule and the reasons for the shortened day schedule.

In all San Francisco Unified District schools in grades K through 8: 10 minimum days provide time for parent and teacher conferences during the Fall and Spring Parent Conference weeks, also three minimum days per year make time for teachers to participate in professional development during Professional Development Institutes. High schools do not have minimum days because they do not have regularly scheduled parent/teacher conferences. Conferences are arranged by request of the parent/guardian.
