San Francisco Unified School District

Fall, 1993

District Mission and Goals

The mission of the San Francisco Unified School District is to provide each student with an equal opportunity to succeed by promoting intellectual growth, creativity, self discipline, cultural and linguistic sensitivity, democratic responsibility, economic competence and physical and mental health so that each student can achieve to his or her maximum ability.

In order to achieve this mission, the Board of Education has adopted the following goals: 1. To improve teaching and learning to enhance student achievement. 2. To improve staff, parent and community participation in the educational process. 3. To maintain school environments that are safe, secure and attractive. 4. To achieve a school district that is fully integrated in all its programs and activities and provides equal opportunity for all students.

Each school has a set of objectives to achieve these goals. In subsequent pages, these objectives will be listed. If the objective is shown with a check (✓), the objective has been achieved. N/A indicates that the objective is not applicable to the school. No mark at all indicates that the objective has not been achieved.

Philosophical Tenets

In order to achieve these objectives, the Board has adopted a set of philosophical tenets. For a copy of these tenets see the 1989-90 School Accountability Report Card or the Student Handbook.

Teacher/Staff Training, and Curriculum Improvement Programs

Professional development is a part of every school site plan and is a major component of the instructional support departments. The district's professional development program provides training opportunities to enable new and experienced teachers to implement the district's core curriculum for all students, to update subject area expertise, and to acquire new instructional strategies. The total faculty participated in the following staff development opportunities: Standard English Proficiency, Special Staff Development - Open Court, Poets in the school, AIM, Special Projects - Oceans Week. All of these programs will be of great assistance to Special Needs Students.

School Description

El Dorado School is noted for its wonderful academic climate. Students, faculty, parents and staff work harmoniously for the well being of all students. The positive attitude of the staff coupled with staff development opportunities directed toward meeting student needs make this an ideal school. A Leadership team consisting of parents and teachers assist with curriculum and program development to support the "whole student" experience. Student successes are celebrated daily. A strong academic program supported by programs that recognize the importance of the "whole child" are what makes El Dorado "shine"!
