## 1994-1995 School Accountability Report Card

San Francisco Unified School District

Fall, 1994

### District Mission and Goals

The mission of the San Francisco Unified School District is to provide each student with an equal opportunity to succeed by promoting intellectual growth, creativity, self discipline, cultural and linguistic sensitivity, democratic responsibility, economic competence and physical and mental health so that each student can achieve to his or her maximum ability.

In order to achieve this mission, the Board of Education has adopted the following goals: 1) To improve teaching and learning to enhance the academic achievement of all students. 2) To improve staff, parent and community participation in the educational process. 3) To maintain school environments that are safe, secure and attractive. 4) To build a school environment that is fully integrated in all its programs and activities and provides equal opportunity for all students. 5) To improve and expand the Early Childhood Education Program and integrate it into the K-12 Program. 6) To increase and expand inter-agency collaboration to better serve our students. Each school has a set of objectives to achieve these goals. In subsequent pages, these objectives will be listed. If the objective is shown with a check (✓), the objective has been achieved. N/A indicates that the objective is not applicable to the school. No mark at all indicates that the objective has not been achieved. In order to achieve these objectives, the Board has adopted a set of philosophical tenets. For a copy of these tenets see the 1989-90 School Accountability Report Card or the Student Handbook.

### Teacher/Staff Training, and Curriculum Improvement Programs

Professional development is a part of every school site plan and is a major component of the instructional support departments. The district's professional development program provides training opportunities to enable new and experienced teachers to implement the district's core curriculum for all students, to update subject area expertise, and to acquire new instructional strategies. The teachers of Cobb School have been involved in a wide variety of programs this past school year: Clinical Schools Project with SFSU, City Science, Math Menu, 3rd Grade Math, History/Social Science, New Teacher Program, Family Math, Cooperative Discipline, Jump Start, AIMS, Health Education, Universal Precautions and First Aid, Early Literacy, Whole Language, Singerland, & Bilingual Language Skills. The school-wide emphasis this year will be Science. Trainings are provided at staff meetings, on release days, after school, and on weekends. The paraprofessionals receive training during their monthly meetings; topics include teaching techniques, communication skills, & developing students' self esteem. The Principal has completed the California School Leadership Academy.

### School Description

Dr. William L. Cobb Elementary School is located between the Western Addition and Lower Pacific Heights areas of San Francisco. The present building was built in 1923 and was remodeled in 1974. The school is named to honor a former principal of the school, who was the first African American principal in the San Francisco Unified School District. Cobb School has culturally diverse student and staff populations; many languages are spoken, including English, Spanish, Filipino, Vietnamese, Russian and Chinese. There are three Chinese Bilingual classes; ESL Services are provided for students who require them. The school has a small computer lab that is used to reinforce the core curriculum. Student activities include: Student Council, San Francisco Ballet School, Reading Club, Students of the Week, Examiner Spelling Bee, Food Bank, Folk Dance Festival, President's Physical Fitness Program, AIMS Program, Red Ribbon Week, Disability Awareness, Here's Looking at you 2000 (Drug Education), Youth Aware, Annual Carnival, Red Cross, visits to neighborhood Convalescent Hospitals, and Scholastic book sales. Funding for the school is the same as during the last school year. There are high expectations for all students at the school. The staff, parents/guardians and students work as a team to assure that all students are responsible, successful, and have high self-esteem.

## Counseling and Student Support Services

District general funds are not available for counseling services at the elementary school level. However, some schools have added support staff funded through special programs, projects, or grant awards. District general funds are not available for counseling services at the elementary school level. However, some schools have added support staff funded through special programs, projects, or grant awards. The Student Advisor provides counseling, conflict resolution, tutoring, and self-esteem activities. All staff members participate in conflict resolution with all students. The SST identifies and coordinates resources to improve student learning and behavior. There are three sp.ed. programs on site: speech therapy, RSP, and a transition program for students returning from NPS. There is drug awareness provided yearly to all students. There are three support groups, focusing on self-esteem, self-responsibility and drug awareness. Referrals to community services are made for students and families. CMH and PIP Programs are located at this site.

## Teacher Assignment

Out of 3,115 certificated teachers in the District's schools, none are teaching out of their credentialed areas. At Cobb School, all teachers are teaching in areas in which they are credentialed. Many staff members have advanced degrees and credentials and others are seeking the same. 3 teachers are English Language Development Specialists; 1 is a specialist in reading; 3 have Chinese Bilingual Credentials; 4 have special education credentials; 2 teachers and 1 paraprofessional have received training in using Slingerland; 2 teachers are trained in Reading Recovery.

## Ethnic Diversity

Objective 4a: Each school will have no more than 45 percent of its students from any one racial/ethnic group, and at least four racial/ethnic groups will be represented.

The school is making a continuing effort to have the ethnic diversity of the staff reflect the ethnic and language needs of the students.

## Student Attendance and Dropout Rate

The District's K-5 average attendance for 1993-94 was 98.6% and the dropout rate was 1.7%. At Cobb, attendance for the year was 96.7%, excused absences were 4.6%, unexcused absences were 0.9% and the dropout rate was 0.0%. An important District objective is to reduce dropout rates. Dropouts are defined as students who are absent without reason for 45 days or more. Assuring student success through relevant and interesting curriculum and the development of self-esteem help assure student attendance at Cobb School. Absences are checked daily; parents are asked to call the school when students are absent. Tardies are checked daily and students are responsible for the classroom time that is missed. The Parents are notified of excessive tardies and absences and conferences are held; continued excesses are referred to SARB.

Objective 1o: 1993-94 dropout rate will be reduced from its 1992-93 level.

## Class Size

Grade Level	Contract Ratios	Contract Goals	District Averages	School Averages
K	31.2	28	29.0	28.5
1	26.0	24	27.4	27.5
2	26.0	24	27.2	27.5

4	32.2	30	26.6	28.5
5	32.2	30	28.4	32.0

## Teacher Evaluation

Administrators, probationary teachers, and all classified personnel are evaluated by their supervisors every year. Tenured teachers are evaluated every two years.

The evaluation processes are determined through contractual agreements with the United Administrators of San Francisco, the United Educators of San Francisco, and the Civil Service Commission of the City and County of San Francisco.

## Student Achievement

The California Learning Assessment System (CLAS) is a state mandated annual test. It is currently being administered each Spring at Grades 4,5,8, and 10. Portions of the Comprehensive Tests of Basic Skills (CTBS) are also used by this District to measure individual student progress and proficiency standards.

CLAS:  State Percent  District Percent  School Percent  Comparison Group Percent

CTBS:  National  District  School

CLAS Reading - Grade 4 (Spring 1993)

## Student Behavior

In order to provide a healthy climate, we have regulations consistent with the Student Behavior Handbook. Last year, at Cobb, 2 students were suspended for violations of those regulations. The following program(s) have been included in the School Site Plan to achieve the District's objective to reduce the number of suspensions: site Discipline Policy, Student Council, Students of the Week, parent contacts, self-esteem activities, student awards, support groups, referrals to SST and community agencies, conflict resolution, and individual behavior programs.

Objective 3a: Schools will provide interventions which result in the reduction of the number of suspensions and expulsions.

## Quality of School Instruction and Leadership

A wide variety of instructional techniques and materials are used to move students towards and beyond district goals: math manipulatives, hands-on science, integrated language arts and history/social science curricula, computer education, library skills, instrumental music, computers and multi-cultural lessons and activities. Leadership is shared by all staff members; all participate to assure school-wide continuity, develop site plans, develop activities, order needed instructional materials and equipment, and locate resources. Parents/guardians, volunteers, and students from SFSU help assure student successes. Parents and staff actively participate in site committees.

## Substitute Teachers

During the 1993-94 school year, the Cobb teacher attendance rate was 96%. Cobb School has many highly qualified substitutes on its list of preferred substitutes. If a day-to-day substitute is not available, the students are divided among the classrooms.

## **Textbooks and Instructional Materials**

The review, selection, and purchase of textbooks and instructional materials are carried out in conjunction with the California eight-year curriculum improvement cycle. Each year, textbooks and instructional materials are reviewed and adopted in one or two specific subject areas. In 1993-94, there was a district-wide adoption of K-8 science instructional materials which have been implemented over a two-year period. During the 1995-96 school year, there will be the adoption and beginning implementation of a new K-8 mathematics instructional program. At Cobb School, the staff selects and uses supplemental materials to remediate and supplement early literacy instruction: library and resource books, language development materials for LEP/NEP students, Math Their Way materials, math manipulatives, self-esteem materials, science kits and activities, performing arts equipment, field trips, audio-visual equipment, awards and student motivators, and performing arts groups. The Parent-Teacher Club provides funds for supplemental materials, audio-visual equipment, special projects and activities. Several grants have been applied for and funded during the past 2 years; materials for math, parent education, behavior management/self esteem, & science have been purchased.

## **School Facilities and Safety**

### **Current Conditions:**

The school yard was improved 6 years ago. The exterior and some of the interior were recently painted. Glass windows have been put on the east side. A new fire alarm system is being installed.

### **Planned Improvements:**

### **Needed Improvements:**

The lighting in the hallways needs to be improved. Some of the chalkboards need to be resurfaced. The armatures on the windows need to be replaced. The curtains on the windows and stage in the cafeteria/auditorium need to be replaced. A new roof is needed. Lighting in the school yard is needed. The classrooms need to be painted.

*Objective 3b: The appearance of the school site will be improved*

## **Parent Involvement**

There are more than 30 persons who volunteer on a regular basis; these are parents/guardians/siblings, retired persons, students from local high schools and colleges, and persons from businesses. They serve in many ways: Library, field trips, office work, classroom assistance, fundraising, help with homework, translate materials, serve on advisory committees, and site beautification. Parents/guardians are notified of school and community activities in monthly Newsletters; these are translated into Cantonese. A site Parent/Teacher Club meets monthly to plan and implement activities. Volunteers are acknowledged with a reception each Spring.

*Objective 2a: Together with parent leaders from established site committees and organizations, schools will develop plans to increase parent participation.*
