1995-1996 School Accountability Report Card

Fall, 1995

School Description

West Portal is a Model School for SFUSD in constructivist education providing academic excellence through a comprehensive curriculum. Staff demonstrates enthusiasm for learning and works harmoniously and collaboratively through team teaching, resource sharing, and program support. Curriculum offerings are extended through computer instruction, art, music, physical fitness program, perceptual motor, library, and performing arts. Grant awards supplement our science, math, Chinese Immersion, garden, parent involvement and early childhood education programs. Curriculum committees, Early Intervention Strategies, Early Literacy, Authentic Assessment, and Gifted and Talented Education share learned strategies to enrich the school's curriculum offerings. Schoolwide activities include the Spring Musical, Academic Fair, Zoomobile, Invent America, Grade-Level Chorus, Buddy Program, and monthly assemblies with a multicultural focus. Students participate in the symphony program (AIM), student government, environmental study trips, and community outreach programs. The Chinese Immersion program enables students to become bilingual/biliterate in English and Chinese. Before and after school language classes are provided in English and Mandarin. An exemplary non-profit childcare is available through West Portal CARE. Early Literacy, Parent Involvement, and Academic Progress and Excellence are priority areas for West Portal School. Our vision for students is that they will strive to reach their full potential, create their own visions and welcome responsibilities and challenges.

District Mission and Goals

The mission of the San Francisco Unified School District is to provide each student with an equal opportunity to succeed by promoting intellectual growth, creativity, self discipline, cultural and linguistic sensitivity, democratic responsibility, economic competence and physical and mental health so that each student can achieve to his or her maximum ability.

To achieve this mission, the Board of Education has adopted the following goals: 1) To improve teaching and learning to enhance the academic achievement of all students; 2) To improve staff, parent and community participation in the educational process; 3) To maintain school environments that are safe, secure and attractive; 4) To build a school environment that is fully integrated in all its programs and activities and provides equal opportunity for all students; 5) To improve and expand the Early Childhood Education Program and integrate it into the K-12 Program; and 6) To increase and expand inter-agency collaboration to better serve our students.

School Priorities

For each goal there are a number of measurable objectives. Every school has developed a school site plan to achieve each objective and identified their individual school priorities: 1) To improve teaching and learning to enhance the academic achievement of all students. 2) To implement early literacy programs to maximize success and reduce the need for remediation. 3) To improve staff, parent, and community participation in the educational process.

Philosophical Tenets

In order to achieve these objectives, the Board has adopted the following set of philosophical tenets:

- | | | | |
|--|---|--|--|
| * All individuals can learn. | * Learning can be subdivided into a number of specific, concrete competencies that can be used as a focus for teaching. | * Learning has both cognitive and affective dimensions. | * All individuals learn in many different ways and at varying rates. |
| * All individuals are both potential learners and potential teachers. | * All individuals should learn to live and work in a world that is characterized by interdependence and cultural diversity. | * If individuals do not learn, then those assigned to be their teachers should accept responsibility for this failure and should take appropriate remedial action. | * Each individual learns best in a particular way. |
| * All individuals want to learn and to be recognized for their achievements. | | | * Parents want their children to attain their fullest potential as learners and to succeed academically. |
| * All individuals are entitled to be treated with respect and dignity. | | | |

Counseling and Student Support Services

District general funds are not available for counseling services at the elementary school level. However, some schools have added support staff funded through special programs, projects, or grant awards. At West Portal, special need students are assisted by the resource specialist, inclusion resource teacher, speech therapist, elementary advisor, and classroom aides. Aides provide language support and adaptive programs for special needs children. Two USF counseling interns provide a weekly program. The Weekly Student Study Team develops strategies for student success. The Elementary Advisor tutors students. Leadership, responsibility, cooperation, and citizenship are encouraged through student government. Our school-wide discipline policy supports our belief that children can become effective decisions makers when we help them to become contributing members to our school community and to society. Stated in our Discipline Policy is the belief that all people have equal claims to dignity and respect.

Teacher Assignment

Out of 2,305 certificated classroom teachers in the District's schools, none are teaching out of their credentialed areas. At West Portal all teachers are teaching in their credential areas. Fifteen teachers completed English Language Development training, fourteen successfully passed all portions of the Language Development Specialist exam and one teacher has one segment to take. Two teachers are in training now. We have five credentialed Chinese bilingual teachers. Other credentials: Early Childhood Education, Learning Handicap, Resource Specialist, Lang. Dev. Certificate, & Admin.

Objective 4a: Each school will have no more than 45 percent of its students from any one racial/ethnic group, and at least four racial/ethnic groups will be represented. (Based upon previous year's enrollment.)*

When filling staff vacancies, we give attention to the goal of making the ethnic diversity of the staff reflective of the ethnic make-up of the student population. Diversity is welcomed as an enrichment to our lives.

*Several District objectives are listed in this document. If the objective is shown with a check (✓), the objective has been achieved. N/A indicates that the objective is not applicable to the school. No mark at all indicates that the objective has not been achieved.

Student Attendance and Dropout Rate

The District's K-5 average attendance for 1994-95 was 99.1% and the dropout rate was 1.7%. At West Portal, attendance for the year was 99.4%, excused absences were 3.5%, unexcused absences were 0.6% and the dropout rate was 0.1%. An important District objective is to reduce dropout rates. Dropouts are defined as students who are absent without reason for 45 days or more. We stress that regular and punctual school attendance is essential for a student to gain maximum benefit from the educational program. Parents/guardians are requested to notify us to report absences. We make daily attendance checks. Absenteeism is closely monitored by teachers, secretary, clerk, principal, and elementary advisor. Conferences are requested for excessive absences. Students are asked to complete an Independent Study if absent for unexcused reasons.

Objective 1o: 1994-95 dropout rate will be reduced from its 1993-94 level.*

Class Size and Instructional Minutes

Grade Level	Contract Ratios	Contract Goals	District Averages	School Averages	Minutes Per Year**
K	31.2	28	28.8	33.0	36,000
1	26.0	24	27.2	30.0	50,400
2	26.0	24	27.4	29.3	50,400

4	32.2	30	27.5	26.3	54,000
5	32.2	30	28.1	26.5	54,000

** All schools offer and often exceed the minimum required number of instructional minutes per year. All instructional days meet or exceed the state minimum requirement for instructional minutes.

Teacher Evaluation

Administrators, probationary and long term substitute teachers, and all classified personnel are evaluated by their supervisors every year. Tenured teachers are evaluated every two years.

The evaluation processes are determined through contractual agreements with the United Administrators of San Francisco, the United Educators of San Francisco, and the Civil Service Commission of the City and County of San Francisco.

Student Behavior

In order to provide a healthy climate, we have regulations consistent with the Student Behavior Handbook. Last year, at West Portal, no student was suspended for violations of those regulations. The following program(s) have been included in the School Site Plan to achieve the District's objective to reduce the number of suspensions: Elementary Advisor, cross-age & peer tutoring, student govt, noon games, regular home/school communications, SST, discipline policy based on belief that children need healthy self-concepts, and a volunteer program supporting children's academic needs.

Objective 3a: Schools will provide interventions which result in the reduction of the number of suspensions and expulsions.*

Student Achievement

Portions of the Comprehensive Tests of Basic Skills (CTBS) are used by this District to measure individual student progress and proficiency standards.

CTBS: 

LEP/NEP = 26.4%

Special Education = 6.0%

EDY = 24.1%

GATE & High Potential = 8.7%

Teacher/Staff Professional Development, and Curriculum Improvement

Professional development is a part of every school site plan and is a major component of the instructional support departments. The district's professional development program provides training opportunities to enable new and experienced teachers to implement the district's core curriculum for all students, to update subject area expertise, and to acquire new instructional strategies. Staff collaborates through and across grade levels. Our mentor, resource, math leadership, Chinese Immersion, and lead teachers in constructivist education share expertise on site, for SFUSD and throughout the state. In addition to professional growth in the content areas, staff continues to train in Multiple Intelligences, developmentally and culturally appropriate practices, second language acquisition strategies and authentic assessment.

Quality of School Instruction and Leadership

West Portal's positive learning environment promotes academic excellence for all students. High standards for student achievement and behavior are widely known. Encouragement, guidance, awards, recognition, and positive reinforcement foster enthusiasm for learning. There is a consistent homework and school discipline policy. The discipline policy states all children have the right and ability to learn. Shared leadership sustains an atmosphere of high morale and professional growth. Parents/guardians are supportive through site councils, curriculum planning committees, Parent Club, fundraising, volunteering, and as children advocates.

Substitute Teachers

During the 1994-95 school year, the West Portal teacher attendance rate was 97%. All staff assists substitutes in order to support the school's program. Teachers are well prepared. Children are expected to demonstrate responsibility in the absence of their regular teacher. If substitutes are not available, classes are covered by the principal and/or resource staff.

Textbooks and Instructional Materials

The review, selection, and purchase of textbooks and instructional materials are carried out in conjunction with the California eight-year curriculum improvement cycle. Each year, textbooks and instructional materials are reviewed and adopted in one or two specific subject areas. In 1994-95, there was a district-wide adoption of K-8 mathematics instructional materials which will be implemented over a three-year period. During the 1995-96 school year, there will be the traditional curriculum development of an improved K-8 language arts instructional program and adoption of new materials will be considered in 1996-97. At West Portal supplemental materials meet the special needs of our students and programs. Parent Club funds field trips, multiple copies, software, math materials, art supplies, maps, library books, fees for museums/plays, assembly programs, workbooks, maps, overhead projectors, Chinese materials, and instructional aids. We supplement our whole language/literature-based reading program with a well defined phonics program. We purchase Wright Group and Scott Foresman books for the emergent reader. Grant awards enable us to purchase Chinese textbooks, early childhood education materials and garden books/tools.

School Facilities and Safety

Current Conditions:

A new whale mural painted by a parent, 1 yard resurfaced, landscaping improvements, garden planted, brick stairs repaired, building exterior painted, tile replaced in stairwell, new phone and boiler systems, daycare and hall floor tile replaced, new play structure, new windows, electrical upgraded, modem for internet installed.

Planned Improvements:

Building improvements for West Portal from Prop A Bond total over a million dollars. High priority is the rehabilitation of outdated bathroom facilities. Other planned improvements include: yard resurfacing/repainting, bench replacement, technology upgrade, improvement in handicap access, retaining walls repaired, kitchen/classroom improvements.

Needed Improvements:

Bungalows 5 & 6 need replacing. We need to replace the temporary portables, 7, 8, 16, & 17 with permanent structures. The clock/bell system needs repair or replacing. Irrigation system needs repair. Auditorium and building interior need painting. Plastic windows need replacing.

Objective 3b: The appearance of the school site will be improved *

Parent Involvement

Parents play a vital role in the school. Parents volunteer in the classroom, accompany classes on field trips, work in the library, plan class festivities, share in decision making, support the instructional program, and serve as curriculum resources. Fundraising provides for enrichment activities and much needed instructional materials. Members of the Site Councils make decisions affecting state funding. Monthly Parent Club meetings keep parents informed on school events and programs, and include educational topics. Calendars, newsletters, and parent representatives promote involvement. A SF Ed Fund Grant, "At Home in Our School," provides for family activities.

Objective 2a: Together with parent leaders from established site committees and organizations, schools will develop plans to increase parent participation. *
