1996-1997 School Accountability Report Card

Fall, 1996

School Description

Argonne Year-Round Alternative School provides an academic program that allows children to develop to their fullest potential. Students attend from various parts of San Francisco, creating a culturally diverse student body. The school year runs from July through mid-June providing an opportunity for a maximum of 215 days of attendance. This allows for an uninterrupted learning flow and also provides more time for the implementation of an enriched educational program. Most Argonne students attend from kindergarten through fifth grade providing greater continuity for their educational growth. Argonne is committed to the SFUSD Restructuring Schools Initiative. As a result, the delivery of instruction has been redesigned employing findings of the latest educational research. Our instruction reflects Howard Gardner's "Theory of Multiple Intelligences." Teachers employ their knowledge of this theory within an interdisciplinary/thematic focus as they create learning situations in which concepts and skills are developed. Instruction is also designed to develop critical and creative thinking. Staff is presently implementing student progress portfolios and is committed to the district-wide reporting form which is more personalized to individual student performance. In addition, as part of our restructuring effort, the Argonne community has created a shared decision-making structure through an on-going series of surveys, brainstorming sessions, seminars and training sessions involving the entire school community.

District Mission and Goals

The mission of the San Francisco Unified School District is to provide each student with an equal opportunity to succeed by promoting intellectual growth, creativity, self discipline, cultural and linguistic sensitivity, democratic responsibility, economic competence and physical and mental health so that each student can achieve to his or her maximum ability.

To achieve this mission, the Board of Education has adopted the following goals: 1) To improve teaching and learning to enhance the academic achievement of all students; 2) To improve staff, parent and community participation in the educational process; 3) To maintain school environments that are safe, secure and attractive; 4) To build a school environment that is fully integrated in all its programs and activities and provides equal opportunity for all students; 5) To improve and expand the Early Childhood Education Program and integrate it into the K-12 Program; and 6) To increase and expand inter-agency collaboration to better serve our students.

School Priorities

For each goal there are a number of measurable objectives. Every school has developed a school site plan to achieve each objective and identified their individual school priorities: 1) Develop and apply instructional strategies to better meet the needs of the students. 2) Improve the assessment practices to more accurately measure achievement. 3) Improve science education. 4) To improve staff, parent and community participation in the educational process. 5) To maintain school environments that are safe, secure and attractive.

Philosophical Tenets

In order to achieve these objectives, the Board has adopted the following set of philosophical tenets:

- | | | | |
|------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------|
| * All individuals can learn. | * Learning can be subdivided into a number of specific, concrete competencies that can be used as a focus for teaching. | * Learning has both cognitive and affective dimensions. | * All individuals learn in many different ways and at varying rates. |
| * All individuals are both potential learners and potential teachers. | * All individuals should learn to live and work in a world that is characterized by interdependence and cultural diversity. | * If individuals do not learn, then those assigned to be their teachers should accept responsibility for this failure and should take appropriate remedial action. | * Each individual learns best in a particular way. |
| * All individuals want to learn and to be recognized for their achievements. | | | * Parents want their children to attain their fullest potential as learners and to succeed academically. |
| * All individuals are entitled to be treated with respect and dignity. | | | |

Grade Span:	K-5	Student Enrollment:	330	LEP/NEP*:	30.6%

Counseling and Student Support Services

District general funds are not available for counseling services at the elementary school level. However, some schools have added support staff funded through special programs, projects, or grant awards. Support for students is provided by the principal, paraprofessionals, speech therapist, resource specialist, student advisor and classroom volunteers. We have recently taken advantage of the counseling services offered by JCYC. Cantonese and Mandarin speaking teachers/paraprofessionals are available to assist students and parents in their first language. Our Student Council assists in developing and implementing school standards of behavior, initiates school activities for positive student involvement, and participates in the resolution of school problems. A program for conflict management is in place. This program follows the model of Community Boards using a facilitator and a dialogue process to assist students in resolving their own conflicts.

Teacher Assignment

Out of 2,663 permanent certificated classroom teachers in the District's schools, none are teaching out of their credentialed areas. Argonne teachers are assigned according to their credentials, taking pride in the quality of their instruction and in their collegiality. Teachers choose to remain as members of Argonne's teaching staff therefore providing a very stable instructional environment. As part of our site governance, staffing of Argonne school is done by an interview panel composed of parents, staff and principal. Selection is made by consensus.

Ethnic Diversity

Objective 4a: Each school will have no more than 45 percent of its students from any one racial/ethnic group, and at least four racial/ethnic groups will be represented. (Based upon previous year's enrollment.)*

The staff and parent decision making team of Argonne School is committed to ethnic diversity in both staff and student body. Our commitment recognizes the richness of experience that can be brought to a school community in which diversity is valued. It also recognizes how important this validation is to the future of our pluralistic society.

*Several District objectives are listed in this document. If the objective is shown with a check (✓), the objective has been achieved. N/A indicates that the objective is not applicable to the school. No mark at all indicates that the objective has not been achieved.

Student Attendance and Dropout Rate

The District's elementary average attendance for 1995-96 was 99.1% and the dropout rate was 1.7%. At Argonne, attendance for the year was 99.9%, excused absences were 3.4%, unexcused absences were 0.1% and the dropout rate was 0.0%. An important District objective is to reduce dropout rates. Dropouts are defined as students who are absent without reason for 45 days or more. Argonne's attendance rate is excellent. Most students choose to attend all of the extended days offered. Our attendance is monitored carefully and our mobility rate is low.

Objective 1o: 1995-96 dropout rate will be reduced from its 1994-95 level.*

Class Size and Instructional Minutes

Grade Level	Contract Ratios	Contract Goals	District Averages	School Averages	Minutes Per Year**
K	***	28	19.1	19.3	43,200
1	***	24	19.0	19.0	50,400
2	***	24	18.8	18.0	50,400
3	***	25	24.5	22.5	50,400
4	32.2	30	26.6	28.5	54,000
5	32.2	30	27.3	28.5	54,000

** All schools offer and often exceed the minimum required number of instructional minutes per year. All instructional days meet or exceed the state minimum requirement for instructional minutes.
 *** Grades K-2 class size goal of 20 determined by the District's participation in the State's Primary Grade Class-size Reduction Program; Grade 3 class size goal of 25 set according to the Educational Equity Act of 1996.

Teacher Evaluation

Administrators, probationary and long term substitute teachers, and all classified personnel are evaluated by their supervisors every year. Tenured teachers are evaluated every two years.

The evaluation processes are determined through contractual agreements with the United Administrators of San Francisco, the United Educators of San Francisco, and the Civil Service Commission of the City and County of San Francisco.

Student Behavior

In order to provide a healthy climate, we have regulations consistent with the Student Behavior Handbook. Last year, at Argonne, 3 students were suspended for violations of those regulations. The following program(s) have been included in the School Site Plan to achieve the District's objective to reduce the number of suspensions: In order to communicate general behavior expectations we distribute the SFUSD Student Behavior Handbook. In addition, we open each school year with activities that emphasize the building of positive relationships and that teach conflict resolution.

Objective 3a: Schools will reduce the number of suspensions per year to meet district standards.*

Student Achievement

Portions of the Comprehensive Tests of Basic Skills (CTBS) are used by this District to measure individual student progress and proficiency standards.

CTBS:
 National
 District
 School

LEP/NEP = 30.6% Special Education = 5.5% EDY = 21.5% GATE & High Potential = 5.5%

Teacher/Staff Professional Development, and Curriculum Improvement

Professional development is a part of every school site plan and is a major component of the instructional support departments. The district's professional development program provides opportunities to enable new and experienced teachers to implement the district's core curriculum for all students, to update subject area expertise, and to acquire new instructional strategies for continuous instructional improvement. Argonne teachers attend District inservices and specific workshops designed for forward thinking, restructuring schools. Our teachers are committed to professional development in the areas of Thematic/Interdisciplinary Instruction, Math and Science, the Arts and reaching students with English as a second language. Most of the teaching staff hold State of California certificates as teachers of English Language Development.

Quality of School Instruction and Leadership

Argonne's ten Councils meet regularly on issues relevant to curriculum, technology, evaluation, finance, as well as the concerns of individual stakeholder groups. We are presently putting our shared decision making model into action in which decisions are reached through consensus. In order to expand the involvement of parents, "Town Hall" meetings are held and surveys are circulated. Most important to every member of our community is the commitment to provide a rich and powerful curriculum connected meaningfully to the lives of our students and to provide the necessary support systems that will guarantee our students the opportunities to develop a lifelong love of learning.

Substitute Teachers

During the 1995-96 school year, the Argonne teacher attendance rate was 96%. Argonne teachers take 35 vacation days within the extended school year. We are fortunate to have a cadre of substitute teachers who work with us in a partnering relationship. We consistently attract qualified substitute coverage.

Average Salaries, Budget Percentages and Expenditure Per Student

1994-95 SALARY COMPARISON		
	* STATE	SFUSD
Beginning Teacher Salary	\$27,337	\$27,194
Mid-range Teacher Salary	\$42,801	\$41,976
Highest Teacher Salary	\$49,804	\$49,069
Principal's Average Salary	\$67,179	**\$64,213
Superintendent's Salary	\$111,308	\$129,600
Expenditure per Student	-	**\$3,325
% of Budget for Teacher Salaries	43.67%	41.12%
% of Budget for Administrators	5.22%	3.70%

* Districts over 20,000 ADA
 ** Elementary Schools Only

Textbooks and Instructional Materials

The review, selection, and purchase of textbooks and instructional materials are carried out in conjunction with the California eight-year curriculum improvement cycle and District priorities. Each year, textbooks and instructional materials are reviewed and adopted in one or two specific subject areas. In 1994-95, there was a district-wide adoption of K-8 mathematics instructional materials which will be implemented over a three-year period. During the 1995-96 school year, there was the traditional curriculum development of an improved K-8 language arts instructional program and adoption of new materials will be considered in 1996-97. The Argonne staff understands that curriculum implementation far exceeds the limitations of a single text. Therefore, in addition to the textbooks selected by the district process and provided by allocated state textbook funds, the Argonne instructional team is committed to supplementing these materials with ever growing library/media resources including single titles and multiple copy literary works, i.e. "The Voyage of the Mimi" and other "block" taping of PBS offerings, computer software, and "hands on" materials for math and science instruction. This is done by utilizing community-raised funds & grants written by teacher/parent teams.

School Facilities and Safety

Current Conditions:

While in the process of building a new school plant through Prop A Funds our current location is 3950 Sacramento Street.

Planned Improvements:

If weather remains cooperative, we expect a move-in date during the summer months of 1997. The building will feature a 2000 square foot Library/Media Center, music room, multipurpose room, a garden court for plant science experiences, a math/science room, and three play yards.

Needed Improvements:

Objective 3b: The appearance of the school site will be improved.*

Parent Involvement

It is the intent of the governance plan that parents become involved in the operation and programs of the school. At present, the Argonne Council of Empowerment, zACE, is the body of the whole and is designed to act on all major decisions by survey, panel participation, or community meetings. Each of the working councils has parent and teacher members. Parents fully participate in all councils. Meetings are held under the guidance of our Bilingual Advisory Council whose chairperson, our Cantonese speaking Outreach Consultant, guides discussion on topics of importance to those parents. In addition, an active cadre of parents volunteer on site, from their workplace, or at home.

Objective 2a: Together with parent leaders from established site committees and organizations, schools will develop plans to increase parent participation.*
