# ALAMO ELEMENTARY SCHOOL

School Year: 2000/2001

## *Vision Statement*

---

Alamo is a school where students, teachers, parents, and community all work towards improving academic achievement and self-esteem in order to prepare our youngsters to become lifelong learners and responsible citizens of the 21st Century.

413

Through internalization of the school's "BE A FRIEND" theme, TRIBES' methodology and enhancement of communication skills, students, parents, and staff will interact with a feeling of community. Students will appreciate and celebrate the cultural and ethnic diversity of our students, families, staff, and community.

Students will acquire the basic academic and aesthetic skills necessary for school success. They will be encouraged to do their very best, to become independent thinkers and learners, and to apply their learning to everyday experiences, in order to reach their individual potential. Student access to a fully integrated technology program has been increased through the connection of all classrooms and work areas to the Internet.

Our parents and staff are committed to the well-being of all children within our school community. The Friends of Alamo School Foundation has been established to provide enrichment programs in art, music, and physical education, to support the computer and science programs, and to extend our library program to include an after school tutorial program. The Foundation is developing a school wide art program to support the district funded Art in Education program. Alamo will continue to promote programs that will enhance the academic, social, emotional, and physical development of each individual.
